

## MTI's Compass Pre-Field Program

### Compass - Pre-Field Language and Culture Program

It is our hope that Compass will equip and develop you for effectiveness, endurance and personal vitality as a cross-cultural messenger of the Gospel of Jesus Christ. Regardless of your vocational platform, we want to orient your character and shape your skills on the issues that make or break those doing Kingdom work overseas. Those issues include:

- **LEARNING A NEW LANGUAGE:** The primary skill necessary for cross-cultural effectiveness
- **LEARNING TO ENTER A NEW CULTURE AND EXIT THIS ONE**
- **LEARNING ABOUT THE RELATIONAL CHALLENGES AND OPPORTUNITIES**
- **LEARNING ABOUT DEVELOPING YOUR INNER-WORLD**

MTI's personal debriefing is designed to create a safe, confidential environment where you can process your private experiences, thoughts and feelings. Our experience is that about half of what people reflect upon at MTI – such as personal or marital issues, team dynamics, authority issues, and private joys and struggles – would not be openly or readily shared with anyone from their agency until they have

first processed their raw reactions.

DAR is crucial for your first home assignment and long-term personal and spiritual vitality. DAR is important for you if:

- You are on home assignment
- You are experiencing a time of transition
- You are facing an uncertain future
- You are preparing for a change of assignment
